

York County ME

Only some call signs identified

Notes

- Eliot FSQ to EMA Relay to Wells for Voice
- Biddeford - Weak but readable FSQ Signal all over but no copy at one location at collage.
- WA1YRE Dana reported copy Wells so set Kittery so marked Kittery for relay though Wells
- Newfield - maybe revisit
- Berwick and S. Berwick need test with better equipment. Weak signal to EMA but good signal back so possible can be workable with better equipment
